

UROLOCARE HOSPITALS

(Pty) Ltd. Reg. No/nr. 2001/005764/07

HIPOSPADIA

Home education

1. Penile dressing only to be removed or done by treating doctor
2. Maintain a high fluid intake
3. Avoid constipation
4. No swimming after the surgery until wound is healed
5. It is advised to shower or stand in the bath in order to prevent the dressings from becoming wet
6. If applicable, parents are to observe the colour of the penis and wound site of the child. If discolouring, bleeding or abnormal leaking of urine occurs, notify your doctor immediately
7. Continue with medication and complete the course
8. Contact your urologist or The Urology Hospital (after hours).
